

**CBNH2 PROJECT
RIO TUBA, BATARAZA, PALAWAN**

**RECOGNITION AND AWARDING CEREMONY FOR ATTAINING
FOUR (4) MILLION MANHOURS WITHOUT LOST TIME INCIDENT**

Last March 10, 2008, JGC Corporation, presented to EEI, in a simple ceremony, an award for achieving Four (4) Million Man-hours without Lost Time Incident, in the Coral Bay Nickel HPP2 project in Rio Tuba, Bataraza, Palawan.

This award is in recognition of EEI's efforts towards achieving the objective of promoting and maintaining a safe working environment. This is a result of the company's efforts in creating a culture of safety consciousness and professionalism in the workplace. The Four Million Safe Manhours is an achievement from the very start of the project in March 2007 until February 29, 2008.

During the ceremony, Safe Worker Awards were also presented to individuals and Working Groups who showed exceptional performance and leadership in contributing to this achievement.
